### House Plans - The Santa Monica Modern Design

The new Santa Monica custom cedar home design is gaining a great deal of applause due to its **contemporary floor plan and energy-efficient home package materials**.

The custom home package includes **custom concept design, construction drawings and all the structural and exterior finishing materials** required to reach the important "lock-up" stage.

The Santa Monica home package also provides **fixed prices and guaranteed quantities**, together **with high-quality construction drawings**.

Bedrooms: 3

Bathrooms: 2.5

Walk-out Basement

Full Basement

Covered Porch/Deck

Solarium

Skylights

Sunroom / Sundeck
