The Hillier Post and Beam Cottage

The Hillier is a 2,690 sq. ft. luxury post and beam cottage built on three levels.

From the moment you step inside, you'll be captivated by the stunning post and beam construction and the attention to detail that has gone into every aspect of this custom home.

The Hillier Post and Beam Cottage

The custom-built Hillier includes four bedrooms, each with ample storage, three and a half bathrooms, high-end fixtures and a luxurious spa-like feel, a spacious great room, a fully equipped kitchen with plenty of counter space, open design, and an adjacent dining room.

The adjoining dining room is perfect for hosting or enjoying whipping up meals for your friends and family.

The great room is the center of this post and beam home. The spacious great room features high ceilings and large windows that allow plenty of natural light to pour in.

The kitchen features top-of-the-line appliances, ample counter space, and plenty of storage - "a chef's dream."

The main floor opens onto a large cedar sundeck, and the lower level features a walkout. The Hillier post and beam feature a walkout basement, spacious deck, sunroom, and stylish contemporary dormers.

Enjoy a cup of coffee in the morning, bask in the sun during the day, or relax with a glass of wine at night.

Whether you need a quiet space to work from home, a cozy spot to curl up with a good book, or a spacious room for entertaining guests, The Hillier post and beam cottage has it all... an unbeatable combination of luxury, style, and comfort.
